

ARA AMBIGUA LODGE

General Part of the Company

We are part of the great Chain of the communities of the small and medium owners, we want to adopt concrete actions that will permit our actions and orientation toward the practice of tourist sustainability.

The tourist sustainability was defined by the organization of the World tourist, like the one that satisfies the necessity of the tourist and local guest, at the same time to protect and improve the opportunity of the future. It was proved in the way like a guide to all the resources, so that the economic, social and esthetic necessity could be satisfied, also to maintain the culture integrity the essential process ecologic, the biologic diversity and the help of life system.
