

GENERAL POLITICS

The company has compromise to protect our natural's resources to given a better touristic sustainability. And will increase respecting this rule.

We sow plants exclusively from the zone or the plants that falls from the garden, will be taken away and put under tall truss or area for nourishment.

The Lodge participated actively in the program of blue flag.

The Lodge count with a plan to manage the wasted recycling glass, plastic and paper. The organic wasted is donate to a farmer of the zone for his pigs.

The Lodge is not conscient of sexual commercial nor expend of drugs.

Our company also give help to the cultural group of the zone, and if was given by presentation in the place also we offer information of Sarapiqui history.

Our Lodge developments purchase all local products by provider of the zone.

The company along with the INA make possible to the staff area like; service to clients, bed makers manipulation of food, first aid and hall-tender.

Our Lodge count with plan of labour security, health prevention and emergency attention.

The feed back of our company is by ticket opinion and satisfaction of our costumers.
